Easy Solution

Features

- Motherboard 20 pin connector available for expanding USB 3.2 Type-C® port to PC case
- Compliant with USB 3.2 Gen 2 PCI specification
- Data transfer rate of up to 20Gbit/s
- Max 100W power supply
- Bus-powered mode and no external power required
- Supports Windows®

One more USB Type-C® port necessary?

With the GRAUGEAR expansion cable G-AD-ETC-10G a PC can easily be expanded by a Type-C® port. This complies with USB 3.2 Gen 2 specifications with a data transfer rate of up to 20Gbit/s and a max. power supply of 100W. The 20-pin Type-E connector is simply plugged into a free slot on the motherboard and the bracket is plugged into a happy PCI slot and fixed.

Article	G-AD-ETC-10G
Article No.	18023
EAN/GTIN	4260746550221

Specification

- **Connector :** Type-E
- **Interface :** USB Type-C® Female with PCI Bracket
- **Cabel length :** 50 cm

Package Contents

- 1 x G-AD-ETC-10G
- 1 x Manual
- 1 x Service card
