

Bidirectional Clone Station

for M.2 NVMe/SATA SSDs and
2,5"/3,5" HDD/SSDs

Features

- Bidirectional cloning SATA PCIe NVMe
- Supports M.2 SATA and 2.5"/3.5" drives
- Compatible with M.2 SSD lengths 2230, 2242, 2260, 2280, 22110
- Incl. heat sink and thermal pads for M.2 and NVMe SSDs
- Active fan with two speed settings
- Supports USB 3.2 Gen2 transfer speed up to 10Gbit/s
- LEDs for cloning progress and drive status
- Quick and easy drive installation (tool-free)
- Cloning without a computer (stand-alone)
- Use as HDD/SSD/NVMe docking station

Article	G-M2ST235-CL
Article No.	18140
EAN/GTIN	4260746551297
HS-Code	84718000

Want a clone with one-touch button?!

The GRAUGEAR bidirectional cloning station G-M2ST235-CL is the ideal solution if M.2 SATA SSDs, 2.5" and 3.5" SSDs/HDDs are to be cloned 1:1 to NVMe SSDs or vice versa.

Cloning can also be carried out without a PC / notebook using the one-touch cloning button. The 30mm fan ensures excellent cooling performance of the NVMe SSDs

G-M2ST235-CL

Spezification

- **Interface:** SATA (up to 6 Gbit/s), M.2 SATA, PCIe NVMe
- **External interface:** USB 3.2 Gen2 Type-C® 10Gbit/s
- **Controller:** JMS581D
- **Supports:** M.2 SATA, M.2 NVMe, 3,5", 2,5" HDDs/SSDs
- **Data transfer speed:** up to 10 Gbit/s
- **Product material:** plastic / aluminum
- **Cable length:** 60cm

Package Contents

1x G-M2ST235-CL	1x Aluminum heatsink
1x Type-C® to C Cable	4x SSD Fastener
1x Type-C® to A Cable	1x Silikon thermal pad
1x Power adapter	1x User Manual
	1x Service Card

Logistic Data

Packaging Unit: 30 pcs./carton;
Dimension/carton: 420x380x460mm; Total weight: 18.5 kg;
Gross weight of product: 0,6 kg; Demension (Pack.): 180x145x78 mm;
Net weight of product: 0,25 kg; Demension of product: 164x140x26 mm;
