

Bidirectional Clone Station

for M.2 NVMe/SATA SSDs and
2,5"/3,5" HDD/SSDs

For M.2 SSD
NVMe/NGFF

for 2,5"3,5"
HDD/SSDs

Tool-free
Installation

One-Key
Offline Clone

30 mm Fan
Heat Dissipation

M-Key

B-Key

B&M-Key

Features

- Bidirectional cloning SATA PCIe NVMe
- Supports M.2 SATA, M.2 NVMe and 2.5"/3.5" drives
- Incl. heat sink and thermal pads for M.2 and NVMe SSDs
- Active fan with two speed settings
- Supports USB 3.2 Gen2 transfer speed up to 10Gbit/s
- LEDs for cloning progress and drive status
- Quick and easy drive installation (tool-free)
- Use as HDD/SSD/NVMe docking station

Want a clone with one-touch button?!

The GRAUGEAR bidirectional cloning station G-M2TM2HD-CL-V is the ideal solution if M.2 SATA & M.2 NVMe SSDs, 2.5" and 3.5" SSDs/HDDs are to be cloned 1:1 to NVMe SSDs or vice versa.

Article	G-M2TM2HD-CL-V
Article No.	18161
EAN/GTIN	4260746551488
HS-Code	84718000

Spezifikation

- **Interface:** SATA (up to 6 Gbit/s), M.2 SATA, PCIe NVMe
- **External interface:** USB 3.2 Gen2 Type-C® 10Gbit/s
- **Controller:** JM581D
- **Supports:** M.2 SATA, M.2 NVMe, 3,5", 2,5" HDDs/SSDs
- **Data transfer speed:** up to 10 Gbit/s
- **Product material:** plastic / aluminum
- **Cable length:** 60cm

Package Contents

1x G-M2TM2HD-CL-V	1x Aluminum heatsink
1x Type-C® to C Cable	4x SSD Fastener
1x Type-C® to A Cable	1x Silikon thermal pad
1x Power adapter	1x User Manual
	1x Service Card

Logistic Data

Packaging Unit: 30 pcs./carton;
Dimension/carton: 400x320x470mm; Total weight: 19.5 kg;
Gross weight of product: 0.622 kg; Demension (Pack.): 185x145x58 mm;
Net weight of product: 0.295 kg; Demension of product: 135x95x50 mm;
